FINANCIAL AND COMMERCIAL.

Tersuay, March 6 6 P. M.

The stock market has been animated but somewhat irregular to day, and although its general tendency conupward, the "bear" interest powerfully asserts iself at every step in the progress of the upward move-ment. Erie and Michigan Southern are becoming ex-remely scarce for delivery, and Cleveland and Pittsburg

soon to be equally so, under the manipulation respective cliques in them, and all these re largely oversold. Erie was loaned this fternoon at the rate of 1/2 per cent per day, and hares were bought in under the rule in several ines, while the deliveries of old Southern were very plar. The temper of the street favors a brisk rise in the ensuing spring, which, aided by increased railway earnings and an easy condition of monetary affairs, is

71%, Eric 45%, New York Central 91%, Reading 97% a 3%, Cleveland and Pittsburg 75%, Northwestern 25%, , theveland and Pittaburg 75%, Northwestern 25%, referred 52%, Fort Wayne 89% a %, SchuylIl Coal 14%. At the first regular board there as considerable activity; but prices were alightly regular. Michigan Southera (sales 4,800 shares), Erie ales 4,500) and New York Central (cales 2,000) were the ost active of the railway shares. Erie closed one per most active of the railway shares. Erre closed one per cent higher than at the half-past two board; Michtgan Bouthern 34, Northwestern preferred 34, Fort Wayne 34. New York Central was 34 lower, Reading 34, Cleveland and Pittsburg 34, Western Union Telegraph 1. Govern-ment gold bearing stocks were dull. Coupon five-twen-ties, of the old issue, advanced 34. Ten-forties declined

ly steady, with an improvement of % in Michigan ithern. At the half-past two board it was dull and barely steady. Reading closed 1/2 higher than at the first regular board; Northwestern 1/2, Rock Island (sales 1,500) ¾, Fort Wayne ¾. New York Central was ¾ lower, Er.e ¾, Michigan Southern ¼, Quick-silver ¾, Ohio and Mississippi certificates ¾. Govern-

Erie sold at 85% a % (sules 3,200 shares), New York Central 90%, Reading 97%, Michigan Southera 71, Cleve-land and Pittsburg 76, Rock Island 1963%, Fort Wayne 89%. Cumberland 43%. Afterwards there was a stronger market and some excitement in Erie. At half-past five o'clock Michigan Southern was quoted at 71% a %, Cleveland and Pittsburg 76% a %, Rock Island 106%

Cleveland and Pittaburg 78½ a ½, Rock Island 106½ a ½, Northwestern 26½, preferred 53 a 53½, Erie 86½.

The money market showed increased ease and call loans were freely made on railway collaterals at seven per cent, and on governments at six. The discount line is without any new feature. First class commercial paper passes at 7½ per cent.

The gold market continues unsettled. The opening price was 132½, followed by an advance to 133½, a subsequent six.

sequent relapse to 132% and a recovery to 133% at 2:20 P. M. Afterwards there was a recession to 133, and an advance of %, the closing quotation being 133%. Loans were generally made flat and at two per cent, in favor of

of the leading drawers continued to ask 108%, but all the important transactions were at 108% a % for bankers' bills on England at sixty days, and 100% a % for bills at short sight. Commercial bills were in somewhat better supply at 107% a 108%. Francs, at long date, were sold at 5.20 a 5.25, and short date at 5.13% a 5.16%.

The adoption of a resolution offered by Mr. Thad

pare a statement giving the amount of money now in the Treasury, including all sums in the hands of assist-ant treasurers, national banks and all other depositories, designating the amount in each separately, and to report the same to the House, is accepted as an indication that the policy and management of the Treasury Department are to be closely scrutinized by the radical section in
